Plastic Surgeon Dr. Donna Rich Helps Patients Achieve Their Personal Best

Plastic Surgery is one of the most personal choices you will ever make. Dr. Donna Rich, M.D. considers that in every detail of her practice at Bayview Plastic Surgery. Dr. Rich and her staff embody this detail-oriented approach, in the quality of the medical care that she provides.

The all-female staff at Bayview Plastic Surgery is known for going above and beyond what patients typically experience in a medical office. "Our patients have a great time with us, because we provide such compassionate care" says Beth Bornstein, Patient Coordinator, whom you'll meet at your complimentary consultation with Dr. Rich.

Dr. Rich's has an unparalleled reputation as a top female plastic surgeon and as a well-loved member of the community. In fact, most of her patients are word of mouth referrals and repeat patients that return for additional procedures. They are pleased with their overall experience and feel good about sending family, friends, and co-workers to Dr. Rich.

that they have had, so she can really understand their feelings and what they are trying to get out of plastic surgery. Men return to her because she is so nurturing and she has such a delicate touch."

In private practice for over eight years, Dr. Rich is celebrating the one-year anniversary of her surgical center. To date, Dr. Rich is the only female plastic surgeon with her own surgery center in Houston. Besides operating in her surgery center, she maintains privileges at Clear Lake Regional and Bay Area Surgicare nearby. She has been voted "Top Doc", as well as "Top Doc for Women" year after year by H Texas magazine. Her latest award was being voted the Best of Bay Area 2008, taking the number one spot in the plastic surgeon category. Dr. Rich's creativity was complimented by the City of Webster, which presented her with a landscaping award for 2008.

Dr. Rich is certified by the American Board of Plastic Surgery. She graduated Magna Cum Laude from the University of Texas Medical Branch in Galveston. Dr. Rich and her husband have been Bay Area residents since 1986, and share their home with their two cruelty rescued dogs Buddy and Brie.

To learn more about Dr. Donna Rich, you can visit her office and surgery center at 300 E. Medical Center Blvd., Webster, TX 77598, or simply find her on the web at www.donna-richmd.com. Phone: 281.286.1000.

Dr. Rich's staff and patients have a common thread that led them to her: when they met with her, in her office, or out in the community, they just knew that she was exactly what they had been looking for. From the warm, golden, delicately detailed décor of her office, to the comforting serenity of her ultra-modern surgery center, patients find that intangible "feel good" experience that they are seeking, when selecting a plastic surgeon. Cristina Hernandez, Dr. Rich's long-time medical assistant, explains "the fact that Dr. Rich is a female really makes a difference. Women know that she has had many of the life experiences
